Sale of the Retail Business

On Monday, 12 June 2017 Vexillia Limited completed the sale of its retail business to Martin Stephenson one of the Directors of Vexillia Limited.

The sale included all retail stock, assets, figure ranges, web sites, internet domain names, IP rights and material copyrights.

Mr. Stephenson will continue to run the retail business, trading as Vexillia, offering the same range of products as before with the same high level of service associated with Vexillia Limited.

Closure of Vexillia Limited

Vexillia Limited opened for business in 2006 and ceased taking orders from the public after the close of business on Wednesday, 31 May 2017.

The company is being closed because of the increasing costs and administrative burdens associated with running a UK limited company.

The company is now dormant and is in the process of making all outstanding payments to its creditors. The company will be formally wound down and, after the statutory three month waiting period, will be closed permanently at the end of 2017.
